

Perranporth School Disability and Access Plan (Jan 2024 - 2027)

Our Mission Statement:

Inclusion and equality are at the core of our school community here at Perranporth. We believe that every child has the right to achieve their full potential no matter what their ability. Through our Disability Equality Scheme and this Access Plan, everyone in our school's community will be enabled to have their voice heard and be represented on issues that will remove barriers for the good of all, not just those with disabilities. We will be proactive in raising awareness of disability issues and in consulting pupils, parents, staff and governors. This will have a positive impact both for our current and future communities.

The Definition of Disability

A person suffers a disability if he or she has a physical or mental impairment that has a substantial and long term adverse effect on his or her ability to carry out normal day-to-day activities.

Physical or mental impairment can include sensory impairments (such as those affecting sight and hearing) and learning difficulties. The definition also covers certain medical conditions when they have long-term and substantial effect on students' everyday lives. These can include asthma, chronic eczema, ADHD, cancer, AIDS, to name a few.

Introduction

Perranporth School's Access Plan sets out how Perranporth governing body will promote equality of opportunity for disabled people.

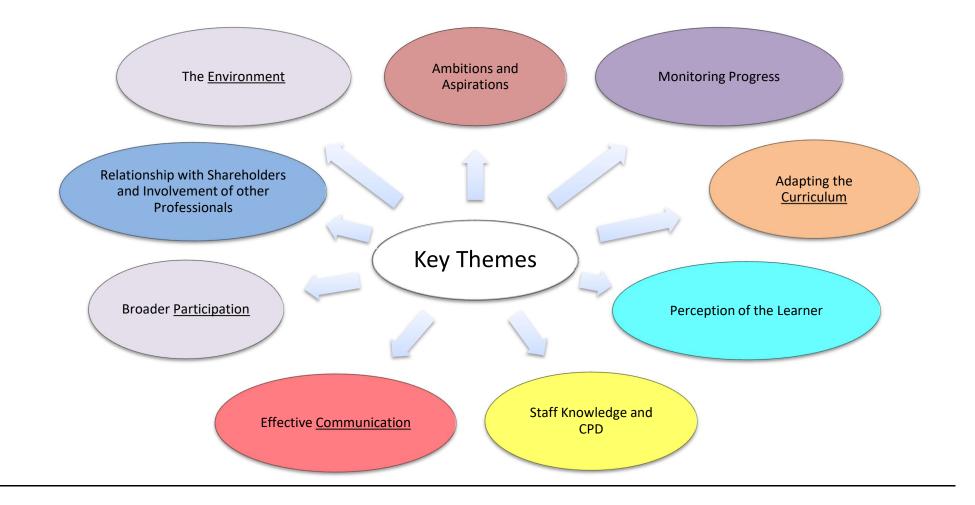

Duties in Part 4 of the DDA require the governing body to plan to increase access to education for disabled pupils in 3 ways:

- increasing the extent to which disabled pupils can participate in the school <u>curriculum</u>;
- improving the <u>environment</u> of the school to increase the extent to which disabled pupils can take advantage of education and associated services;
- improving the delivery to disabled pupils of information which is provided in writing for pupils who are not disabled.

An overall vision should therefore reflect the six elements in the general duty:

- Promoting equality of opportunity
- Eliminating discrimination
- Eliminating harassment
- Promoting positive attitudes
- Encouraging participation in public life
- Taking steps to meet disabled people's needs, even if this requires more favourable treatment

This Access Plan summarises aspects of Perranporth School's plans to increase access to education for disabled pupils, parents/carers and staff and does so around 9 broad themes (note the 3 key areas of curriculum, environment and information as underlined below – environment is also covered within the broad themes of broader participation):

barriers.					

Target	Tasks	Timescale	Resources	Responsibility	Monitoring
Adapting the Curriculum					
The newly-adapted curriculum, in line with government guidance but specific to the needs of Perranporth, will be based on the principle of maximum participation and access for all. Ways of measuring achievement will be examined to enable every child to achieve to the best of their own ability in each area, with a focus on the life-long learner	Examine government curriculum guidance specific to SEN/ Disability Use pupil voice to inform topic planning and to maximise enjoyment in learning	Ongoing. Opportunities for Work Review timetabled in year planner	Planning formats for topic plans and cross-curricular half-termly plans	SENCO HT Staff Governors Feedback from pupils	Work reviews Curriculum reviews

Target	Tasks	Timescale	Resources	Responsibility	Monitoring
Monitoring Progress					
Pupil progress and attainment will be used as one of the important pieces of evidence about pupil well-being and achievement, shaping the support and adaptations needed to maximise their happiness and learning at school.	Revised pupil tracking system for bands to replace levels to be used to identify the progress and attainment of all individuals and groups of pupils Information from this to guide intervention and further monitoring	New tracking system in place Half Termly reviews of pupil progress	Target tracker Monitoring sheets	HT, SENCO, CTs	SENCO HT Staff Governors Feedback from pupils
Learning observations and appraisal procedures will include a focus on maximum participation removal of glass ceilings and adaptation to ensure equal participation.					Termly dates for monitoring on the monitoring timetable

Target	Tasks	Timescale	Resources	Responsibility	Monitoring
Broader Participation					
Continue to maximise participation in all school activities by groups and individual children, taking particular note of those with disabilities/SEN Opportunities for celebration to be based on equality as the foundation for success – for example all children to be given a chance to shine in school performances or key sporting events, regardless of perceived or real barriers.	Support the full participation in extra- curricular activities and identify any barriers for key children. Work with all stakeholders to increase opportunities available. Consider carefully the venue for all trips to ensure equal and easy access to all pupils	Ongoing	Extra Curricular Clubs	SENCO/PE Governors CTs	Feedback from pupils Termly dates for monitoring to be included the monitoring timetable Parent voice
