

World Book Day

Reading is possibly the most important aspect of learning that we teach at Perranporth School, and we love it! So we were simply thrilled by the incredible response we had last Friday to our World Book Day celebrations! The children looked amazing in their character costumes, there's clearly lots of extremely creative families in our school to say the least. We were also blown away by the excellent 'book in a box' entries too, so many inventive ideas. The children and staff had a wonderful World Book Day with all sorts of reading related activities and fun. If you've not managed to catch the staff Funny Bones story, we also had lots of fun too!

Thank you all for your incredible World Book Day support, we really appreciate it and know the children do too!

Cross Country Stars

We'd like to share a huge well done to all of the children who took part in the cross country races this week. The conditions were muddy, but the children still gave it their all and achieved lots of excellent results against some stiff competition.

We'd also like to wish the best of luck to those children heading off to the finals next week! We know you'll be amazing!

Perranporth Community Primary School - The G.R.E.E.N. Curriculum

Growing – Relevant – Environment – Engaging – Nurture

There have been lots of very **Engaging** learning experiences going on at school this week! Year 4 children had a wonderful day welcoming Sue and her friend Bill Chubb to their class on Monday. Sue and Bill are Cornish story tellers who shared local myths, which the children made into storyboards so that they could learn and retell them. The children then had the role of illustrators, sketching designs which may be included in a book of stories from West Cornwall. A wonderful experience was certainly had by all!

Both Year 1 and Year 3 children went on trips in our local **Environment** this week. Children in Year 1 have been learning all about Donald Healy this half term, so their visit to Perranporth Museum was a real treat! The children found out lots of great information to support their class learning and really enjoyed the visit to town.

Children in Year 3 had a very **Relevant** trip in to Perranporth this week too, in order to work on their geography fieldwork. The children collected lots of very interesting data about the town which they will now be using in their geography topic learning back at school.

Year 3 Teacher - Summer Term

As parents will already know, Mr Harris will be leaving us at the end of this half term to start a whole new career in the Civil Service. We will all miss him greatly but will be wishing him the very best of luck in his new role.

We are now very pleased to be able to share with you that Miss Hawken will be teaching Year 3 for the Summer Term after the Easter break.

Miss Hawken has worked at Perranporth for a number of years providing classroom support and teaching too. She is a fully qualified teacher and knows our school and, more importantly the children, very well indeed. Miss Hawken regularly covers classes with us and

has lots of teaching experience to bring to the role.

We appreciate that a mid year change of teacher can be a little unsettling. So over the remaining weeks, Mr Harris and Miss Hawken will now start a thorough transition to ensure the children's learning isn't interrupted and that the Summer Term can start smoothly for all.

After Easter, we're sure you'll all join us in welcoming Miss Hawken to Year 3 and Team Scheffler! In the meantime, if you have any queries or concerns, please feel free to contact Mr Johnson or Mr Harris. As always, thank you all very much for your understanding and support.

Mannequin Repairs Request

This year our St Piran's Day mannequins didn't make an appearance on the big day due to the uncertain weather. However, our mannequins are now 20 years old and have given a great service to our school! Unfortunately, in those 20 years, they have suffered the inevitable damage that happens when moving and storing them each year. We are hoping that someone in our parent or family community might have the skills and time to do some necessary repairs and maintenance to these much loved features of our St Piran's celebrations. The mannequins are made of withies and paper mâché with a varnished finish. It might be that a volunteer would like to take a mannequin offsite for the repairs, or make an arrangement to do them in school after the school day has finished - (we're happy to work out the details with anyone willing to help). If you're able to support, please let us know and we can hopefully work out a

EASTER
