

## Annual Parent Questionnaire 2024

At Perranporth we always strive to improve our school and to make things the best we can for the children and parents within our school community. As part of this improvement process, we regularly seek to gain your opinions on the way we do things. Although the questions have limited responses, we find further information extremely helpful. There is an additional comments section at the end for this reason. In order to be able to make improvements, we need to know more information about any of the statements within the questionnaire that you may disagree with. It is very difficult to improve something when you are not entirely sure what the key issues are. We always welcome constructive criticism and suggestions. That being said, we also like to receive positive feedback too! Sometimes we find that questionnaires are not completed because you are 'happy with everything'. If this is the case, please let us know, it is always nice to receive that sort of feedback too.

As a direct result of your feedback, changes can and do take place. We would very much appreciate it if you could take a few moments to sit down and complete this questionnaire. If you have more than one child at the school, you can complete the questionnaire separately for each child or do one for the whole family.

The closing date for responses is Friday 17th May 24, just follow the link below:

Questionnaire link: <https://forms.office.com/e/fWfeehG6Fz>

## Relationships, Sex and Health Education (RSHE) Consultation:

In Part 2 of this questionnaire, parents will also see an opportunity to share your thoughts on our school RSHE curriculum too. As part of our school curriculum we ensure that we provide children with appropriate learning experiences in RSHE. This is an aspect of the curriculum that features in both PSHE and Science lessons. During the Summer Term we also provide children with a focused RSHE week and share information on this with parents. We use a PSHE programme called Lifewise. This scheme provides our weekly PSHE learning and also aspects of our RSHE learning too. RSHE at Perranporth is also supplemented with other teaching resources explained in our RSHE policy.

Information about Lifewise and our RSHE policy is available to parents on our school website, by following this link: <https://www.perranporth.cornwall.sch.uk/pshe/>

## Cycling To School

Please can we request that in the interest of safety, cyclists dismount and do not ride their bikes along the front of the school at morning drop off and afternoon pick up. It is often busy with people walking and we would like to avoid any accidents. Many thanks.

## Perranporth Community Primary School - The G.R.E.E.N. Curriculum

Growing - Relevant - Environment - Engaging - Nurture

### Visitors To School

This week we welcomed two different visitors to help us with our GREEN Curriculum learning. On Wednesday, Dr Bob Engaged with Year 2 and Year 6 to talk about his time in Antarctica. He showed pictures of the ship he travelled on, the animals he saw and the experiments he conducted in this Environment. Dr Bob also explained what the next steps are and how they will use the data they have collected. It was fascinating for the children to talk to someone who has been there, and hearing his real life experiences of the cold and ice was incredible! We also learnt more about Float Farah and the data it will collect over the coming months and years. A massive thank you again for all the time and effort Dr Bob has put into sharing his knowledge with us.

On Tuesday afternoon, we welcomed friends from the RNLI who spoke to children in KS2 about how we can keep ourselves safe in our Environment. The lifeguards gave the children lots of very Relevant and important information about beach safety and what we need to do if we ever find ourselves in tricky situations in the sea. We'd like to say a huge thank you to the RNLI for their visit and for helping with our learning on safety.

### Story Telling—St Nectan's Glen

St. Nectan's Glen are hosting a very exciting day on Saturday May 4th .

They have planned a special storytelling event, that is free to attend, featuring the talented local storyteller Bob Whalley. He'll be spinning tales of local folklore and global legends that are sure to captivate audiences of all ages. There will be three sessions across the day where everyone will be invited to join in.

### Bags 2 School

If you're planning a clear out , we'd like to flag up that our next Bags 2 School collection is scheduled for Wednesday 8th May. We're always grateful for any donations. Please have a look below for what Bags 2 School donations can be collected and not. Thank you.
